

## Hospitality Rider

**Standard band is (9) + 1-3 Techs. Always check with band leader for the exact number and any vegan or vegetarian meal requests.**

**Dinner:** A substantial hot meal on the evening of the performance for all performers and crew, suitable for the venue, served at least 60 to 90 minutes prior to performers taking the stage.

**Water:** (40) 12-ounce water bottles placed at the side of the stage for exclusive use of Performers during set up and performance.

**Green Room:** A green room close to stage, with the following:

- Adequate green room/tent heating if the temperature is lower than 70 degrees, and adequate cooling if the temperature is above 80 degrees.
- Table and comfortable seating for all performers and crew.
- Mirror and electrical outlets (if possible).
- An assortment of soft drinks and healthy snacks.
- Please provide green room location:

We prefer locally grown certified organic food and drink including Free Trade Coffee.

**Support Staff:** Performers and/or sound engineer *may* bring between 1 and 5 support staff members to. Support staff is sometimes necessary to assist with transportation, set up, load in, costume changes, and other logistics. Support staff members will dress appropriately for the event. Support staff shall not eat food and drink provided for guests. Buyer shall allow support staff to enter event room, green room, and restrooms freely as needed during load in, set up, strike, and performance. Buyer is not responsible for providing hospitality or additional hotel rooms for support staff.

**Parking:** Self-parking validation to be provided for all band members and support staff prior to the start of the performance. Please check with the Bandleader to confirm the number of validations to be provided.

Please contact Nikki Green at [greenentertainmentusa.com](http://greenentertainmentusa.com) or 760-908-3193 with any questions regarding the above.

Liquid Blue is a [certified GREEN business](#).
